DISTRICT BRIDGE REHABILITATION PROJECT

SAN BERNARDINO—The California Department of Transportation (Caltrans) is proud to announce the completion of the project to rehabilitate several bridges, at various locations, spread across six different state routes (Interstates 15 and 215 and State Routes 60, 66, 91 and 210).

The \$1.2 million project repaired spalls (cracks), repaired joint seals and cleaned the bridges and applied methacrylate to ensure the longevity of the bridges and was completed last week. Caltrans would like to thank contractor Western Structures of Riverside, Calif. for their exemplary work. Special thanks to the motoring public for their patience during this very important construction project
